#### **Selection Procedures**

*The Award Committee* (Dr. Wan Huang, Dr. Yiwei Xia, and Dr. Yan Zhang) will review the applications thoroughly. Priority may be given to students who are presenting as a sole- or leading author of a paper over students who are non-presenting coauthors of a paper. Priority may also be given to students who have not received this award previously and who do not have funding support from other sources. If an award is declined by an individual selected, the Committee may select an alternate from the pool of applications received for that year. However, the Committee may decide not to recommend the award in any given year.
